

## **PRESS RELEASE**

### **MAC TRAILER INTRODUCES INDUSTRY FIRST ALL ALUMINUM EXTENDABLE FLATBED**

AFTER YEARS OF MARKET RESEARCH, TESTING AND DEVELOPMENT, THE MAC TRAILER DESIGN TEAM STRETCHED THE ENVELOPE AND THE RESULT WAS AN ALL ALUMINUM EXTENDABLE – A FIRST FOR THE INDUSTRY.

JIM MAIORANA, EXECUTIVE VICE PRESIDENT OF MAC TRAILER, STATED; “MANY TRUCKING COMPANIES WHO RUN STEEL TELESCOPING TRAILERS APPROACHED US WANTING AN EXTENDABLE TRAILER THAT COULD BE USED FOR THE LONG BEAM SELF SUPPORTING LOADS, BUT STILL BE LIGHTWEIGHT ENOUGH WHEN COLLAPSED FOR PROFITABLE BACKHAULS.”

THE TRAILER WITH A TARE WEIGHT UNDER 13,500 POUNDS, PROVIDES A 3500-4000 POUND WEIGHT SAVINGS OVER THE TRADITIONAL STEEL EXTENDABLE. LENGTH: 48’ COLLAPSED, 80’ EXTENDED, HAVING A PATENTED LOCKING MECHANISM WITH OPENING POSITIONS ON 6’ INCREMENTS. RATING – 70,000 LB FOR SELF SUPPORTING LOADS; 60,000 CONCENTRATED IN 4’.

MAC TRAILER IS RECOGNIZED THROUGHOUT NORTH AMERICA AS A LEADING MANUFACTURER OF STRAIGHT TRUCK BODIES AND DUMP, PLATFORM AND TRANSFER TRAILERS. FOR FURTHER INFORMATION; CALL 1-800-795-8454 OR VISIT [www.MACtrailer.com](http://www.MACtrailer.com)
