

PRESS RELEASE

MAC Trailer Manufacturing of Alliance, Ohio, a leader in the manufacturing of aluminum platform trailers now offers an optional full hardwood decking for the entire FLATBED product series. The full hardwood deck allows the nailing of the load throughout the entire length and width of the trailer; and, can be easily replaced for minimizing maintenance costs. Subject to the application and load, full aluminum decking or aluminum with wood nailers are available. MAC Trailer is recognized as the nation's foremost manufacturer of straight truck bodies and dump, flatbed and transfer trailers. For more information on the flatbed product line and hardwood flooring options, contact a MAC Regional Sales Manager or the Authorized MAC Dealer nearest you.
