## MAC TRAILER PRESS RELEASE

# “SCRAPMAC” STEEL DUMP TRAILER

MAC Trailer Manufacturing of Alliance, Ohio, has introduced its “SCRAPMAC” steel dump trailer. The “SCRAPMAC”, manufactured with 450AR steel in a half round configuration boasts 90 cubic yards of capacity with a 96” wall height. Built as a frameless style dump, the trailer weights in at under 20,000 pounds. The “SCRAPMAC” provides the ruggedness, structural integrity and volume to haul the bulky scrap steel and aluminum materials, white goods, tree stumps, crushed cars and construction debris. The “SCRAPMAC” is available in various lengths, side wall heights, frameless or frame type and a host of optional features. For more information contact a MAC Regional Sales Manager or an Authorized MAC Dealer near you. MAC Trailer is the nation’s foremost manufacturer of straight truck bodies; and dump, flatbed and transfer trailers. [www.MACtrailer.com](http://www.MACtrailer.com) 1-800-795-8454
