

PRESS RELEASE

MAC TRAILER OFFERS SLIDER SUSPENSION FOR FLATBEDS

MAC Trailer has engineered and now offers the flatbed and drop deck style platform trailers with a “slider” suspension option to allow for ease of weight distribution and maneuverability. To minimize maintenance and corrosion, MAC Trailer provides galvanized frame rails on all platforms built with the “slider” suspension feature.

MAC Trailer is nationally recognized as the foremost manufacturer of straight truck bodies; and, dump, flatbed and transfer trailers. For more information visit: www.MACtrailer.com
