

PRESS RELEASE

MAC TRAILER INTRODUCES ALL NEW PNEUMATIC VAC TANK

After the successful introduction of the MAC PNEUMACTIC TANK during the Mid-America Truck Show in Louisville, Kentucky, MAC Trailer has expanded their tank line and recently unveiled the PNEUMACVAC at the NTTC Conference in Nashville, Tennessee.

Designed with the enclosed struts and conicals as the PNEUMACTIC, providing aerodynamics that have improved fuel economies, the all new MAC VAC TANK – “PNEUMACVAC”, is available in multiple sizes and axle configurations. The PNEUMACVAC is available with the optional safety retractable handrail.

MAC Trailer, of Alliance, Ohio, is the nation’s foremost manufacturer of dump, flatbed, transfer and pneumatic tank trailers. For further information, call 1-800-795-8454 or visit: www.MACtrailer.com
