Lead and Pup, AeroMAC™*

LIQUID TANKS

*DOT 406, DOT 407, DOT 412, Food Grade,
3A Sanitary, Fertilizer, Hot Product, Non Code*

DOT 406

REFINED FUELS

Our DOT 406 is available in customizable capacities and axle configurations to meet a wide range of market demands.

Built with driver safety and efficiency in mind, it also offers a variety of custom features designed to enhance safety and streamline day-to-day operations, including multiple cabinet configurations, pumping systems, lighting packages, our patented T.A.L.K.® Lighting System, and patented Aero Skirting®.

PATENTED TOTAL AREA LIGHTING KIT - T.A.L.K.®

T.A.L.K.® is a five-component lighting system that improves driver safety during loading and unloading by creating a clearly defined work zone around the discharge area, making it valuable for drivers unloading in busy gas stations. The T.A.L.K. Rear Lighted Head also provides added visibility to the driver and others on the road.

T.A.L.K.®
TOTAL AREA LIGHTING KIT

DOT 407

CRUDE OIL | PETRO CHEMICALS

MAC Trailer's DOT 407 aluminum tank trailers are engineered to perform in demanding environments and meet the industry needs of crude oil, solvents, and petro-chemicals. We enhance the operator's experience by strategically placing hose connections, accessories and controls for maximum convenience.

- T.A.L.K. Arms
- T.A.L.K. Bar
- T.A.L.K. Hose Guard
- T.A.L.K. Ladder
- T.A.L.K. Rear Head

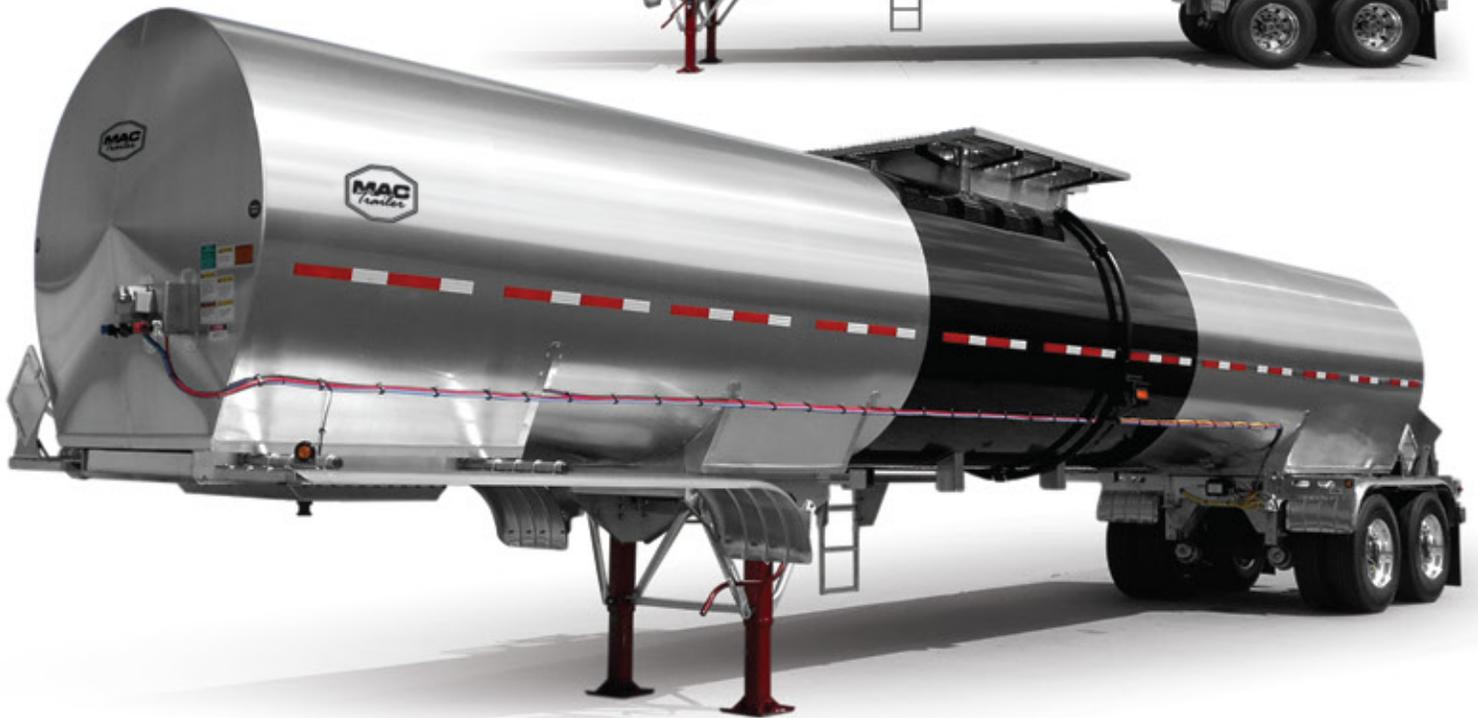

REAR GLOW HEAD

The Glow Head lighting system fully illuminates the rear of your trailer, integrating brake lights and turn signals for unmatched visibility and communication on the road. With the Glow Head, your trailer is not only safer but also stands out as a leader in safety innovation.

HOT PRODUCT

ASPHALT

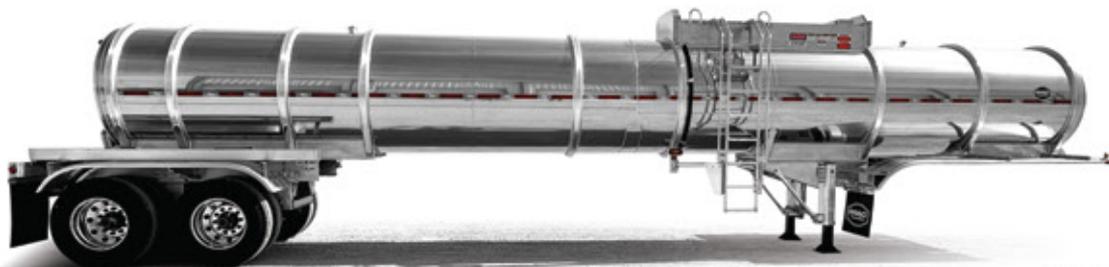

MAC Trailer offers a specialized lineup of asphalt tanks with customizable capacities and axle configurations designed to meet regional weight requirements. We provide multiple discharge and insulation options to support the unique handling needs of asphalt and other high-temperature materials.

NON CODE

MAC Trailer offers customized non-code trailers built for a wide range of applications. Available in multiple configurations including double conical, elliptical, multi axle, and more, these trailers are engineered for driver efficiency and designed to handle a versatile mix of products such as:

- Pool Water
- Leachates
- Vacuum
- Manure
- And More

PATENTED AERO SKIRTING®

Our patented AERO Skirting® is built with lightweight materials, designed to enhance aerodynamics and reduce drag. This innovative solution boosts fuel economy, making it an ideal choice for those seeking to maximize efficiency and minimize operational costs.
